

We Would Like To Be Your 1 and **Only** Insurance Agent

Our rates are very competitive! We can save you money! We will review your coverage so you understand what you are buying.

We are independent insurance agents and **you** are our client not the insurance company. We work for you so conversations and notes remain in our personal files. You can feel free to call us to discuss a problem and be assured that it will remain confidential.

You will get personal service and, if you wish get to talk to the same person every time you call no answering machine, no voice mail. We are on call 24 hours a day 7 days a week.

With over 30 years of insurance knowledge and our affiliations with other companies we have the ability to handle all of your insurance needs.
